## What is Personal Coverage?

Personal Coverage is voluntary workers compensation coverage that provides the same benefits and protection as workers have under the *Workers Compensation Act*.

## Who is Personal Coverage for?

- Proprietors and partners of non-incorporated businesses
- Independent operators
- Owners and directors of a corporation\*

\*A *director of a corporation* is part of the Board of Directors or is appointed by the shareholders to manage the corporation, to participate in board meetings, to make decisions, and to make sure the corporation's obligations are fulfilled.

If you are employed as a director with an employer - like a Director of Operations, a Director of Communications, a Director of Quality Assurance, etc. - and you receive a regular pay cheque with payroll deductions, you are likely already covered as a worker under the *Workers Compensation Act*.

## What are the benefits of Personal Coverage?

Personal Coverage provides benefits and services to assist you during recovery and to reduce the impact of a work-related injury or illness. The benefits you may be entitled to will depend on the nature of your work-related injury or illness, and your ability to work.

## How much does Personal Coverage cost?

The cost of Personal Coverage depends on the amount of coverage you select, when you purchase it, and the rates associated with your business and industry. Current rates are available on the WCB website at [wcb.pe.ca](http://wcb.pe.ca).

### Example:

Your business/industry rate is \$1.51 for every \$100 of earnings, and you earn \$50,000.

$$\$1.51 \times \frac{\$50,000}{100} = \text{WCB Premium } \$755$$

Please note that there is a minimum \$50 premium for Prince Edward Island residents and \$100 for non-residents for this coverage.

## How much Personal Coverage should I purchase?

It is important to base the amount of coverage you purchase on your actual personal earnings. The WCB sets an annual earning range from which you can choose. For 2024, the range is a minimum of \$15,680 and a maximum of \$78,400.

## Why is it important to have Personal Coverage?

- It may be your only source of income if you can't work due to a work-related injury or illness.
- When you need a WCB Clearance Letter to work or bid on contracts.
- For the same benefits and protection as workers have under the *Workers Compensation Act*.

## How do I apply for Personal Coverage?
